

Introduced by Senator Hollingsworth

January 13, 2006

An act to amend Section 21061 of the Public Resources Code, relating to the environment.

LEGISLATIVE COUNSEL'S DIGEST

SB 1172, as introduced, Hollingsworth. Environment: CEQA.

The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared by contract, and certify the completion of, an environmental impact report on a project, as defined, that may have a significant effect on the environment, or to adopt a negative declaration if it finds that the project will not have that effect.

This bill would make technical and nonsubstantive changes to the definition of "environmental impact report."
